

**ABSTRACT OF THE DISCLOSURE**

The disposable pet waste glove is a glove worn on the hand of a person who is collecting and disposing of waste material. The glove can be worn on either hand, and has a drawstring on 5 the wrist portion of the glove. The drawstring serves to tighten the glove to the wrist and to help aid the wearer in pulling the glove off the hand, into an inverted position for enclosing the waste, and can be drawn tight and tied to contain the waste for disposal.
